CTT SERIES DESIGNED FOR ENTRY LEVEL & LOW VOLUME

The CTT Series skin packaging machines are designed for entry level and low volume applications. They incorporate a stationary heating system with instant on/off heaters, which quickly heat up during cycles and turn off for loading / unloading.

The CTT skin packaging machines are timer controlled for precise cycle repeatability. Available options for these units are a turbine regulator and an automatic film cut off system. These industrial grade machines are fabricated with sturdy sheet metal . The CTT Series are available in two standard sizes of 12" X 18" and 18" X 24" .
